Shri K.V.O. Seva Samaj

HANDBOOK OF CAREERS AFTER SCHOOL IN INDIA

What after Class X or XII?

What is Career Counselling?

Career Counselling is a process in which an expert helps you with your career exploration, career change, personal career development and other career related issues. This is a process in which the counsellor gives advice on “career” with counselling techniques that simplifies complex decisions and difficult situations for the candidate. The expert helps you know yourself better using a set of questions - verbal or written. Based on the response, the expert guides you in getting answers to questions which cannot be answered by self.

Streams Available after 10th

There are 4 Primary Streams available after 10th in the Indian Education System, namely

- Science-A Group (with primary subjects as Physics, Chemistry and Maths)
- Science-B Group (with primary subjects as Physics, Chemistry and Biology)
- Commerce Group (with primary subjects as Accounts, Statistics, Economics and Business Studies)
- Arts/Humanities Group (with primary subjects as History, Geography, Political Science, Sociology and Psychology)

Different Boards available in India

There are five main education boards available in India. Students may choose a board that suits them best. The choice shall be made on the basis of difficulty level associated with the boards and aptitude of the student. The five available education boards are:

- IB (International Baccalaureate)
- Cambridge IGCSE (International General Certificate of Secondary Education)
- ISC (Indian School Certificate)
- CBSE (Central Board of Secondary Education)
- State Boards

IB is the most practical oriented board and thus is considered to be the toughest board among all. It focuses on the concept of 'What to learn' and 'how to learn'. The candidate has to pick up subjects of his/her choice and then the choice available for graduation depends upon the eligibility of various graduate courses available.

IB Board is followed by **CIE** or **IGCSE** regulated by Cambridge Assessment International Education. This board also gives good number of Elective subject choices offering something for all learners of different abilities, interests and backgrounds. The candidate has to pick up subjects of his/her choice and then the choice available for graduation depends upon the eligibility of various graduate courses available.

ISC board comes next in the difficulty level. This board also follows quite a bit of practical learning approach though reference books and the pedagogy is less rote oriented. The candidate has to pick up Compulsory subjects of commerce stream and can choose 1 or 2 electives as per the offer of various schools.

Next in the difficulty scale is the **CBSE** board. This board is a good mix of practical and rote oriented Pedagogy. It functions under the Union Government of India. Difficulty level associated with this board is moderate.

Last comes **State Board**. Each State in India has its own education board. It functions under the respective State Government of each state. Language of instruction (medium) in case of schools affiliated to such boards may be regional language or English. There is lack of creativity and flexibility allowed in the method of pedagogy.

Career Seminar & Meet the Professionals – 2022

Professions Available after Higher Education

1. Agriculture and Allied Sciences

Agriculturalist, Agriculture Engineer, Agriculture Technician, Agrobiologist, Apiculturist, Arborist, Biological Scientist, Biotechnologist, Botanist, Commodity Trader, Conservation Scientist, Crop Insurance Manager, Dairy Product Managers, Dairy Scientist, Dairy Technologist, Dietician, Environmental Scientist/Engineer, Floriculturist, Farm Production Manager, Food Process Engineer, Food Chemist/Microbiologist/ Researcher, Forest and Conservation Technicians, Forest and Conservation Workers, Foresters, Horticulturist, Irrigation Engineer, Phytopathologist, Plant Breeder, Plantation/Farm Manager, Rice Breeder, Seed Technologist/Agronomist, Sericulturist, Silviculturist, Soil Scientist, Viticulturist, Weather/ Crop Forecasting Expert, etc.

2. Architecture and Planning

Archaeologist, Architect, Architectural Engineer, Building Surveyor, Commercial/Residential Surveyor, Construction Manager, Economic Development Planner, Extreme Architect, Furniture Designer, Industrial/Product Designer, Inspector/Conservation Officer, Interior Designer, Landscape Architect, Project Manager, Research Architect, Resources Planner, Restoration Architect, Spatial Designer, Structural Engineer, Town Planner, Urban/Regional Planner, etc.

3. Arts Humanities and Social Sciences

Anchor, Anthropologist, Archeologist, Behavior Analyst, Caption Writers, Content Writer, Copywriter, Curator, Economist, Editor, Geographer, Healthcare Social Worker, Historian, Interpreters & Translators, Journalist, Language Trainer, Linguist, Philologist, Political Scientist, Psephologist, Psychologist, Radio Jockey, Reporters, Restorers, Screenwriter, Social Worker, Sociologist, Victimologist, etc.

4. Business Management

Entrepreneur or Manager in the areas of Aviation, Brand, Customer Service, Dairy Product, Event, Finance, Ground Operation, Health Care, Hospital, Hospitality and Tourism, Human Resources, Information Technology, Investment, Market Research, Marketing, Online Advertising, Performance, Project, Public Relation, Real Estate, Retail, Risk, Sales, Social Media, Store, Supply Chain, Talent etc.

5. Commerce and Finance

Accountant, Actuary, Advertising Representative, Auditor, BPO Executive, Budget Consultant, Business Analyst, Business Lawyer, Chartered Accountant, Commercial Banker, Company Secretary, Cost and Works Accountant, Entrepreneur/Businessman, Finance Analyst, Finance Consultant, Finance Manager, Finance Planner, Financial Portfolio Manager, HR Executive, Insurance Consultant, Investment Analyst, Investment Banker, Market Research Analyst, Market Researcher, Marketing Manager, Merchant Bankers, Portfolio Manager, Retail Banker, Retail Manager, Retail Sales Executive, Stock Broker, Tax Auditor, Tax Consultant, etc.

6. Computer Applications

Animator, Application Designer, Audio and Video Technologist, Computer Systems Analyst, Cryptologist, Data Analyst, Data Scientist, Database Administrator, Ethical Hacker, Game Designer,

Disclaimer: We thank the various authors whose contents were sourced for compiling this book which is used only for educational purpose.

Career Seminar & Meet the Professionals – 2022

Graphic Designer, Information Security Analyst, IT Manager, Multimedia/ Web Programmer, Network Architect, Programmer/Coder, Quality Analyst, Senior Technical Consultant, SEO Analyst, Software Application Architect, Software Consultant, Software Developer, Software Publisher, System Analyst, Technical Writer, VFX Designer, Visual Communication Designer, Web Developer, Web Designer, etc.

7. Design and Fine arts

3D Animator/ Modeler / Texturing & Lightning Artist, Art Director, Caricaturist, Cartoonist, Concept Artist, Couturier, Creative Director, Design Consultant/ Director / Manager, Designer in the areas of Accessory, Animation, Automobile, Ceramic, Character, Communication, Exhibition, Fashion/Apparel, Film and Video Communication, Footwear/Shoe, Furniture, Game, Graphic, Industrial, Interior, Jewellery, Knitwear, Leather, Product, Production, Spatial, Textile, Toy, Urban, UI/UX, Visual Communication, Digital Artist/ Sculptor, Fashion blogger / Curator/ Director/ Illustrator/ Journalist/ Critic/ Stylist/ Technologist, Film & Video Editor, Fine Artist, Game Developer, Multimedia Artist, Photographer/Photo Journalist, Sculptor, Social Media Manager, UI/UX Artist, Visual Merchandiser, etc.

8. Defence Forces (National Defence Academy)

Indian Army, Indian Air Force and Indian Navy

9. Economics

Actuary, Agricultural Economist, Banker, Business Analyst, Business Economist, Cost Accountant, Data Analyst (Banking Sector), Econometrist, Economic Researcher, Equity Analyst, Finance Analyst, Finance Consultant, Finance Controller, Finance Manager, Finance Planner, Financial Risk Analyst, Industrial Economist, International Economist, Investment Analyst, Investment Banker, Investment Manager, Labour Economist, Plutologist, Professional Economist, Risk Managers/Analyst, Stock Broker, etc.

10. Engineering and Technology

Aerologist, Aerospace Engineer, Aerospace Materials Specialist, Agricultural & Food Engineer, Air Traffic Controller, Aircraft Maintenance Technician, Aircraft Structures Technician, Airline Pilot, Astrobiologist, Astrogeologist, Astronaut, Audio and Video Technologist, Automobile Engineer, Avionics and Electronics Technician, Biochemical Engineer, Biotechnology Engineer, Building Surveyor, Ceramic Engineer, Chemical Engineer, Civil Engineer, Climatologist, Commercial Pilot, Computer Scientist, Construction Manager, Cosmologist, Electrical Engineer, Electrobiologist, Electrometallurgist, Electronics & Communication Engineer, Electronics & Electrical Engineer, Electronics & Instrumentation Engineer, Electronics Engineer, Environmental Engineer, Food Technologists, Geohydrologist, Geologists, Hydrogeologist, Industrial Engineer, Instrumentation Engineer, Leather Technologists, Manufacturing Technologists, Marine Engineer, Materials Science Engineer, Mechanical Engineer, Metallurgical Engineer, Meteorologist, Mineral Engineer, Mining Engineer, Naval Architecture Engineer, Naval Officer, Nephologist, Nuclear Engineer, Oceanographers, Ontologist, Optical Engineer, Paint Technologist, Palaeoclimatologist, Petroleum Engineer, Physicist, Pilot, Planetologist, Plastic Engineering, Plastic Technologist, Polymer Engineer, Production Engineer, Pulp and Paper Technologist, Robotics Engineer, Sales Engineer, Scientist, Selenologist, Structural Engineer, Terminal Operations Manager, Textile Engineer, Ufologist, Volcanologist, etc.

Disclaimer: We thank the various authors whose contents were sourced for compiling this book which is used only for educational purpose.

Career Seminar & Meet the Professionals – 2022

11. Home Science

Apparel Designer, Bio-Textiles, Counselors, Early Childhood Education, Entrepreneurial Unit, Extension And Communication, Facility Management And Tourism, Food Science And Nutrition, Food Processing Industry, Food Science And Food Quality Control, Food Service Management And Dietetics, Hospitality And Interior Design, Hospitals, Health Clubs And Fitness Centers, Human Development, Interior Design, Interior Design And Resource Management, Merchandising, Public or Private Sector, Research And Development Sector, Rural Development And Sociology, Sports Nutrition, Textiles And Apparel Designing, Textiles And Fashion Apparel, Tutors

12. Hotel, Hospitality and Tourism Management

Accommodation Manager, Adventure Tourism Guide, Cabin Crew/Flight Attendant, Catering Manager, Chef, Fare and Ticketing Agents, Food Stylist, Ground Operation Staff, Event Organizer, Health Tourist Guide, Holiday Consultant, Hospitality and Tourism Manager, Hotel Manager, Interpreters & Translator, Mixologist/Bar Chef, Restaurant Manager, Retail Manager, Tour Operator, Tourist Guide/Manager, etc

13. Law

Advocate/Lawyer, Arbitrator/Conciliator, Civil Lawyer, Constitutional Lawyer, Corporate Lawyer, Criminal Investigator, Criminal Lawyer, Criminologist, Detective, Diplomat, Family Lawyer, Judge, Judicial Magistrate, Jurist, Kremlinologist, Labour Lawyer, Legal Advisor, Legalist, Legist, Litigator, Mediator, Patent Lawyer, Penologist, Professor / Teacher, Prosecutor, Social Activist, Solicitor, Sports Lawyer, Taxation Lawyer, Victimologist, etc.

14. Liberal Studies

Accountant, Actuary, Advertising Representative, Anchor, Auditor, Aviation Manager, Brand Manager, Budget Consultant, Business Analyst, Caption Writer, Content Writer, Copywriter, Curator, Editor, Entrepreneur/Businessperson, Event Manager, Finance Analyst, Finance Planner, Financial Portfolio Manager, Hospitality and Tourism Manager, Human Resources Manager, Interpreters & Translators, Investment Banker, Journalist, Market Research Analyst, Marketing Manager, Merchant Banker, Political Scientist, Portfolio Manager, Project Manager, Public Relation Manager, Radio Jockey, Real Estate Manager, Reporters, Retail Manager, Sales Manager, Screenwriter, Social Media Manager, Social Worker, Sociologist, Supply Chain Manager, Talent Manager, etc.

15. Mass Communication

Advertising, Anchor, Art Director, Blogger, Brand Manager, Cartoonist, Cinematographer, Director, Content Writer, Copywriter, Columnist, Correspondent: Creative Writer, Critic, Digital Marketing Expert, Film Maker, Editor, Editorialist, Event Managers, Fashion Communication Designer, Journalist, Media Planner, Online Advertising Manager, Producer, Photo Journalist, Photography Designer, Public Relation Manager, Public Relations Executive, Radio Jockey, Reporter, Screenwriter, Scriptwriter, Social Media Manager, Sound Mixer and Sound Recordist, Talent Manager, Telemarketer, Video Jockey, Video Journalist, Visual Merchandiser, Web Producer, etc.

Disclaimer: We thank the various authors whose contents were sourced for compiling this book which is used only for educational purpose.

Career Seminar & Meet the Professionals – 2022

16. Medical and Surgery

Allergist, Anesthesiologist, Anesthetist, Otolologist, Ayurvedic Doctor, Cardiologist, Chronobiologist, Cosmetologist, Dentist, Dermatologist, Endocrinologist, Epidemiologist, Gastroenterologist, General Surgeon, Gynecologist, Hematologist, Hepatologist, Histopathologist, Homeopathic Doctor, Hypnologist, Immunohematologist, Immunologist, Immunopathologist, Kinesiologist, Laryngologist, Naturopathic Doctor, Neonatologist, Nephrologist, Neurobiologist, Neuroendocrinologist, Neurologist, Neuropathologist, Neuroparmacologist, Neuropsychiatrist, Neuropsychologist, Neuroradiologist, Oncologist, Ophthalmologist, Orthopaedic Surgeon, Orthopsychiatrist, Otolaryngologist, Paediatrician, Pharmacologist, Physician, Physiologist, Proctologist, Psychiatrist, Psychopathologist, Pulmonologist, Radiologist, Rheumatologist, Rhinologist, Sexologist, Stomatologist, Toxicologist, Traumatologist, Unani Doctor, Urologist, Venereologist, etc.

17. Paramedical Sciences

Acupuncturist, Advance Care Paramedic, Assistant in the area of Operation Theatre, Ophthalmic, Optometry, Radiography, First-aid, Health Information Management, Hospital, MRI, Mammography etc., Clinical Dietician, Cytotechnologist, Diagnostic Medical Radiographer, Diagnostic Medical Sonographer, Dietitian, Drug Analyst, Drug Inspector, Environment Protection Officer, Food Service Dietician, Health Educator, Disease Counselors, Nurse, Nutritionist, Technician in the area of Anesthesia, Emergency Medical, Laboratory, Medical Record, MRI Scan, X-Ray etc., Technologist in the area of Blood Bank Laboratory, Burn Care, Cardiovascular, Computed Tomography (CT-SCAN), Critical Care or Intensive Care Unit (ICU), Dermatology, Leprosy Lab, Dialysis Therapy, Echocardiogram (ECHO), Electrocardiogram (ECG), Electroencephalogram (EEG), Electromyography (EMG), Electroneurodiagnostic (END), Endoscopy, Forensic Science, Hematology, Histopathology, Laparoscopy, Medical Equipment, Medical Laboratory Technologist, Neurodiagnostic, Neuro-science, Nuclear Medicine, Radiotherapy, Sleep Lab etc., Occupational Health and Safety Officer Etc., Ocularist, Optometrist, Perfusionist, Pharmacist, Pharmacologist, Physiologist (Clinical), Physiotherapist, Podologist, Respiratory Therapists, Sports Nutritionist, Sports Physiotherapist, Trauma Therapist, etc.

18. Performing Arts

Actor or Actress, Auteurist, Ballet Dancer, Choreographer, Cinematographer, Community Arts Worker, Conductor, Dancer, Director, Disc Jockey, Dramatherapist, Film Director, Film Maker, Hymnologist, Model, Music Director, Music Producer, Music Therapist, Musical Instrument Player, Musician, Singer, Thaumaturgist, Theatre Artist, Theatre Director, Theatre Stage Manager, Video Jockey, etc.

19. Pure Sciences

Acarologist, Aerobiologist, Algologist, Arachnologist, Archaeozoologist, Astacologist, Anthropologist, Bacteriologist, Batologist, Biologist, Biometeorologist, Biotechnologist, Bryologist, Carcinologist, Chorologist, Biological Scientist, Cryptozoologist, Chemist, Dendrochronologist, Dendrologist, Chronobiologist, Cryobiologist, Cytologist, Cytotechnologist, Ecologist, Ecotoxicologist, Dietitian, Environmental Scientist, Electrobiologist, Embryologist, Flavorist, Gemmologist, Geochronologist, Geologist, Geomorphologist, Gerontologist, Glaciologist, Enologist, Helminthologist, Enzymologist, Histologist, Epidemiologist, Hydrobiologist, Hydrogeologist, Hydrologist, Ichthyologist, Insectologist, Lepidopterologist, Lichenologist, Limacologist, Limnologist, Lithologist, Malacologist, Mammalogist, Mathematician, Microclimatologist, Micrometeorologist,

Disclaimer: We thank the various authors whose contents were sourced for compiling this book which is used only for educational purpose.

Career Seminar & Meet the Professionals – 2022

Mineralogist, Myrmecologist, Hypnologist, Naval Officer, Nematologist, Microbiologist, Micrologist, Micropalaeontologist, Morphologist, Mycologist, Nutritionists, Odonatologist, Ophiologist, Orchidologist, Ornithologist, Orthopterologist, Palaebiologist, Palaeoanthropologist, Palaeoecologist, Palaeolimnologist, Palaeontologist, Palaeopedologist, Paleoanthropologist, Palynologist, Parasitologist, Nosologist, Pedologist, Pestologist, Petrologist, Phenologist, Olfactologist, Photobiologist, Photogeologist, Physiologist, Phytologist, Phytopathologist, Organologist, Protistologist, Protozoologist, Osteologist, Pteridologist, Research Assistant, Palaeoanthropologist, Saprobiologist, Scientist, Sedimentologist, Seismologist, Palaeopathologist, Pantheologist, Physiopathologist, Primatologist, Serologist, Somatologist, Spelaeologist, Spongologist, Statistician, Thanatologist, Toxicologist, Virologist, Zoophytologist, Zymologist, Actuary, Forensic Scientist, Analytical Chemist, Biotechnologist, Biomedical Scientist, Clinical Research Associate, Forester, Ecologist, Biological Technician, Botanist, Horticulturalist, Cancer Research Scientist, Drug Analyst, Biosafety Associate, Data Scientists, Data Analyst, Data Architect, Data Engineer, Data Analytics Consultant, Protection Hydrologist, etc.

20. Rehabilitation Sciences

Audiologist, Audiology & Speech Therapist, Balneologist, Behaviour Analyst, Behaviour Therapist, Child Welfare Specialist, Clinical Psychologist, Clinical Social Worker, Community Health Counselor, Engineering Psychologist, Family Planning Counselors, Family Therapist, Health Psychologist, Hearing and Ear Mould Technicians, Human Immunodeficiency Virus (HIV) Counselors, Integrated Behavioral Health Counselor, Mental Health Support Workers, Multi Rehabilitation Therapist, , Rehabilitation Engineers and Technicians, Special Teachers for Educating and Training the persons with disabilities, Employment Officers and Placement Officers dealing with persons with disabilities, Multi-purpose Rehabilitation Therapists & Technicians, Rehabilitation Psychologists, Rehabilitation Social Workers, Rehabilitation Practitioners in Mental Retardation, Orientation and Mobility Specialists, Community Based Rehabilitation Professionals, Rehabilitation Counsellors/ Administrators, Orthotist/Prosthetist, Otologist, Public Health Nutritionist, Recreational Therapist, Speech Pathologist, Vocational Counsellors, etc.

21. Sports and Physical Education

Athlete Development Specialist, Athlete, Athletic Director, Business Development Coordinator, Coach, Contract Administrator, Contract Negotiation Manager, Equipment Manager, Event Coordinator, Exercise Instructor, Facilities Manager, Fitness Manager, Marketing Consultant, Physical Trainer, Public Relation Manager, Referee, Sales Manager, Sport Agent, Sport Scout, Sports Analyst, Sports Commentator, Sports Lawyer, Sports Manager, Sports Officials, Sportsperson, Stadium Manager, etc.

22. Veterinary Sciences

Acarologist, Agrobiologist, Agrostologist, Apiculturist, Aquaculturist, Arborist, Astacologist, Biological Scientist, Citriculturist, Coleopterist, Dairy Product Managers, Dendrochronologist, Dendrologist, Entomologist, Enzymologist, Ethologist, Fishery Scientist, Food Process Engineer, Herpetologist, Hippologist, Ichthyologist, Lepidopterist, Mammalogist, Ornithologist, Orthopterist, Parasitologist, Phenologist, Phytopathologist, Pomologist, Protozoologist, Pteridologist, Scientist, Sericulturist, Veterinary Doctor, Veterinary Pathologist, Veterinary Pharmacologist, Viticulturist, Zoologists, Zoophysiology, Zoophytologist etc.

Agriculture and Allied Sciences

COURSE DESCRIPTION

India, the land of agriculture, always has the need for qualified and skilled professionals in the field of Agricultural science as well as in Research and Development. Agriculture Science deals with crop cultivation and harvesting, innovative technologies and advancements in farming methods, designing advanced tools and equipments for farming, research and development of hybrid crops and genetically modified foods and improving quality of the crop product, manufacturing effective pesticides and fertilizers, and much more. This field is a broad spectrum of various sciences dealing with Crop farming, Forest development and conservation, Agricultural Biotechnology, Agricultural Technology, Agricultural Economics, Plant Breeding and Genetics, Seed Technology, Soil Science and Agricultural Chemistry.

DEGREE	DURATION	ELIGIBILITY
B.Sc. (Agriculture) (Bachelor of Science (Agriculture))	4 Year	10+2 with PCM/B
B.Sc. (Sericulture) (Bachelor of Science (Sericulture))	4 Year	10+2 with PCM/B
B.Sc. (Horticulture) (Bachelor of Science (Horticulture))	4 Year	10+2 with PCM/B
B.Sc. (Forestry) (Bachelor of Science (Forestry))	4 Year	10+2 with PCM/B
B.Sc. (Community Science) (Bachelor of Science (Community Science))	4 Year	10+2 with PCM/B
B.Sc. (Food Nutrition & Dietetics) (Bachelor of Science (Food Nutrition & Dietetics))	4 Year	10+2 with PCM/B
B.Tech. (Agriculture) (Bachelor of Technology (Agriculture))	4 Year	10+2 with PCM/B
B.Tech. (Food Technology) (Bachelor of Technology (Food Technology))	4 Year	10+2 with PCM/B
B.Tech. (Dairy Technology) (Bachelor of Technology (Dairy Technology))	4 Year	10+2 with PCM/B
B.Tech. (Biotechnology) (Bachelor of Technology (Biotechnology))	4 Year	10+2 with PCM/B
Diploma + B.Tech (Integrated Diploma & Bachelor of Technology)	6 Year	10th Pass with 60%

CAREER PROSPECTS

Indian Civil Services	Agriculture Policy Making	Indian Armed Forces	Chemical Manufacturing
Technical Writing	Cooperative Services	Agricultural Research	Agriculture Production
Agricultural Journalism	Agricultural Journalism Consultant to Corporates	Teaching with Agriculture College	State/Central Civil Veterinary Services
Agricultural Equipment Manufacturing	Higher Study in Management	Research and Development	Higher Studies in Respective field

SPECIALIZATIONS

Agricultural Economics	Biochemistry	Microbiology	Agriculture
Agronomy	Entomology	Biotechnology	Floriculture
Processing & Food Engineering	Agricultural Extension Education	Farm Machinery & Power Engineering	Dairy Science & Technology
Food Technology	Fruit Science	Horticulture	Human Nutrition
Irrigation & Drainage Engineering	Livestock Products Technology	Agricultural Meteorology/ Agrometeorology	Remote Sensing & Geographic Information System
Plant Pathology	Dairying	Plant Breeding & Genetics	Sericulture
Soil & Water Engineering	Soil Science	Vegetable Science	

Agricultural Sciences Entrance Exams after 12th

Exams for Agriculture Sciences	For Admission to	Website
NEET UG (National Eligibility cum Entrance Test)	Various Courses in Agriculture Sciences across colleges in India	https://neet.nta.nic.in/

Career Seminar & Meet the Professionals – 2022

Shri KVO Sthanakwasi Jain Mahajan Mumbai Sanchalit
Matushri Manibai Shivji Devji Kanya Kelavani Fund

Shri K.V.O. Seva Samaj

A career with amalgamation of creative freedom, expression and technology. Architects work in a range of establishments. From designing to construction, they dwell in both the different worlds. With a Bachelors degree, an Architect opens doors for himself from Production to Academics. A professional in this field creates designs and models for commercial or residential infrastructures, both interior and exterior, according to the customer's requirements. Statistics show that employment of urban and regional planners has grown 13 percent till 2016, which has been a faster growth than the average for all occupations. With the increase in the development and improved infrastructure, including housing, roads, sewer systems, parks, and schools of the country, there is a high demand of qualified Architects and Planners.

DEGREE	DURATION	ELIGIBILITY
B. Arch. (Bachelor of Architecture)	5 Year	10+2 with PCM
B. Plan (Bachelor of Planning)	4 Year	10+2 any stream with Maths
B. Tech (Plan) (Bachelor of Technology in Planning)	4 Year	10+2 with PCM

CAREER PROSPECTS

Work with Public Works Department	Start own Architectural Venture	Work with Builder/ Construction Co.	Work as a Professional Architect/Planner
Research and Academics	Higher studies in Management	Archaeological Survey of India	Higher Studies in respective field
Indian Civil Services	Merchant Navy	Indian Armed Forces	Banking Job
Work as an Interior Designer	Work as a Landscape Designer	Work as a Spatial Designer

Career Seminar & Meet the Professionals – 2022

Shri KVO Sthanakwasi Jain Mahajan Mumbai Sanchalit
Matushri Manibai Shivji Devji Kanya Kelavani Fund

Shri K.V.O. Seva Samaj

The skills acquired in the field of Arts & Humanities are always polished and can be used in various sectors that work both individually and in group. Humanities are academic disciplines that study aspects of human society and culture. The humanities can be described as the study of how people process and document the human experience. Since humans have been able, we have used philosophy, literature, religion, art, music, history and language to understand and record our world. These modes of expression have become some of the subjects that traditionally fall under the humanities umbrella. Knowledge of these records of human experience gives us the opportunity to feel a sense of connection to those who have come before us, as well as to our contemporaries.

DEGREE	DURATION	ELIGIBILITY
BA (Bachelor of Arts) (Various Specializations)	3 Year	10+2 any Stream

Business Management

COURSE DESCRIPTION

Disclaimer: We thank the various authors whose contents were sourced for compiling this book which is used only for educational purpose.

Career Seminar & Meet the Professionals – 2022

Shri KVO Sthanakwasi Jain Mahajan Mumbai Sanchalit
Matushri Manibai Shivji Devji Kanya Kelavani Fund

Shri K.V.O. Seva Samaj

To run a business successfully, one needs to have knowledge of Marketing, Human Resources, Finance, Operations, Information Technology, Business Policy, Consulting and Strategy to name a few. A course in Business Management equips you with this knowledge. In the latter part of the program one can specialise / major in a particular area.

The skills a student may pick up while learning management subjects are rational and logical thinking, problem solving, deliberation, persistent and structured approach, authoritative yet stabilising style of functioning, decision making amongst others. The study of Business Management allows you to develop a broad understanding of business organisations and provides you with subject-specific knowledge in areas such as Marketing, Human Resource, Finance, Operations, Information Technology, Business Policy, Consulting and Strategy.

Commerce and Finance COURSE DESCRIPTION

Disclaimer: We thank the various authors whose contents were sourced for compiling this book which is used only for educational purpose.

Career Seminar & Meet the Professionals – 2022

Commerce is derived from the Latin commercium "trade, trafficking", from com "with, together" and mercium, "merchandise." Some commentators trace the origins of commerce to the very start of transactions in prehistoric times. Apart from traditional self-sufficiency, trading became a principal facility of prehistoric people, who bartered what they had for goods and services from each other.

In historic times, the introduction of currency as a standardized money facilitated the wider exchange of goods and services.

During the middle ages, commerce developed in Europe through the trading of luxury goods at trade fairs.

Today, commerce includes as a subset of itself, a complex system of companies which try to maximize their profits by offering products and services to the market (which consists both of individuals and groups and other companies or institutions) at the lowest production cost. Today, commerce does not only refer to exchange or trade of goods and services, or buying and selling but also Data, Information, Views, Opinions, Intellectual Property, Visual recognition etc. can all be exchanged or traded over the internet.

Computer Applications and Sciences

COURSE DESCRIPTION

Caveat: This is not computer engineering.

Disclaimer: We thank the various authors whose contents were sourced for compiling this book which is used only for educational purpose.

Career Seminar & Meet the Professionals – 2022

Shri KVO Sthanakwasi Jain Mahajan Mumbai Sanchalit
Matushri Manibai Shivji Devji Kanya Kelavani Fund

Shri K.V.O. Seva Samaj

If a student is interested in software development, application development, web development, game development or any other form of code writing, Computer Applications is the field that the student must explore.

Apart from code writing, computer application professionals also work in testing and implementing software. Development of Instruction manuals for users of the applications could also be a part of their work profile. Career options could include computer programmer, software developer or computer systems analyst.

Computer programmers: A computer is a machine which understands the presence or absence of electrical signals. This can be converted to human understandable binary code. However, the lay man does not understand binary codes. The computer programmer is one who bridges the gap between the language as understood by a machine and the languages as understood by humans. When you think of computer programmers, think of computer languages like C or Java, to name a few.

Software developers: The first kind of software developers are system software developers. We need a basic operating system which helps us make the computer do our command. When we talk about operating systems, we are talking about software like MS Windows, Linux, Unix etc.

Computer Analysts are professionals who check the technical requirements of the individual or the organisation and recommend the necessary technical details. They may also help in setting up the infrastructure and maintain it. **System administrators** are professionals hired by companies to maintain and upgrade their existing computer networks.

DEGREE NOMENCLATURE	DURATION	ELIGIBILITY
BCA (Bachelor of Computer Applications)	3 Year	10+2 any stream/with Maths
B.Com (CS) (B.Com. with Specialization in Computer Science)	3 Year	10+2 any stream/with Maths

Design and Fine Arts

COURSE DESCRIPTION

Disclaimer: We thank the various authors whose contents were sourced for compiling this book which is used only for educational purpose.

Career Seminar & Meet the Professionals – 2022

Design education is the teaching of theory and application in the design of products, services and environments. It encompasses various disciplines of design, such as graphic design, user interface design, web design, packaging design, industrial design, fashion design, information design, interior design, sustainable design, transgenerational design and universal design. The values and attitudes which underline modern design schools differ among the different design schools.

Design is about problem solving. Design education is learning how to apply practical methods, prior knowledge, and natural talent to solve new problems.

DEGREE	DURATION	ELIGIBILITY
BFA (Bachelor of Fine Arts) (Various Specializations)	4 Year	10+2 any stream
BVA (Bachelor of Visual Arts) (Various Specializations)	4 Year	10+2 any stream

Defence Forces (NDA)

COURSE DESCRIPTION

The N.D.A. & N.A. Examination is conducted by Union Public Service Commission (UPSC) twice a year. This examination is conducted for admission in National Defence Academy. First of all candidates appear for written test and after qualifying that, they are called for SSB interview & fitness test and those who get through the SSB interview are finally admitted in National Defence Academy. The admitted candidates undergo 3 year course in arts/science equivalent to Graduation and get a Degree at the end of successful completion from IGNOU. After the completion of the 3 years course (graduation) candidates are sent to Indian Military Academy or Air Force Academy or Indian Naval Academy for pre-commission training. According to their choice and merit, candidates get into any one of the three academies. Army cadets go to IMA- Dehradun, Air Force cadet go to AFA Hyderabad and Naval cadet go to INA Ezhimala, Kerala. After successful completion of training candidates are appointed as officers in Indian Army, Indian Air Force Services and Indian Navy.

DEGREE	DURATION	ELIGIBILITY
B.A. (Bachelor of Arts)	3 Year	10+2 any stream

Career Seminar & Meet the Professionals – 2022

Shri KVO Sthanakwasi Jain Mahajan Mumbai Sanchalit
Matushri Manibai Shivji Devji Kanya Kelavani Fund

Shri K.V.O. Seva Samaj

Economics focuses on the behaviour and interactions of economic agents and how economies work. Microeconomics analyzes basic elements in the economy, including individual agents and markets, their interactions and the outcomes of interactions. Individual agents may include, for example, households, firms, buyers, and sellers. Macroeconomics analyzes the entire economy (meaning aggregated production, consumption, savings, and investment) and issues affecting it, including employment of resources (labour, capital, and land), inflation, economic growth, and the public policies that address these issues.

Economists study how society distributes resources, such as land, labor, raw materials, and machinery to produce goods and services. They conduct research, collect and analyze data, monitor economic trends and develop forecasts on a wide variety of issues, including energy costs, inflation, interest rates, exchange rates, business cycles, taxes, and employment levels, among others.

DEGREE	DURATION	ELIGIBILITY
BA (Bachelor of Arts)	3 Year	10+2 any stream

Engineering and Technology

COURSE DESCRIPTION

Disclaimer: We thank the various authors whose contents were sourced for compiling this book which is used only for educational purpose.

Career Seminar & Meet the Professionals – 2022

Shri KVO Sthanakwasi Jain Mahajan Mumbai Sanchalit
Matushri Manibai Shivji Devji Kanya Kelavani Fund

Shri K.V.O. Seva Samaj

If you take a look around yourself, you will find things such as tables, chairs, television or even your clothes. Everyday to-do things that we see around ourselves require engineering. There are various fields of engineering that emerged when humans evolved in modernization. The concept of engineering has been carried on since ages through humans to device their basic manpower help, such as pulleys, carriages, wheels etc. These inventions served mechanical help to humans and helped reducing excess manpower.

An engineer back in the date of 1325 AD was known as the one who operates or constructs the engines. The word engine itself is derived from the Latin ingenium which means "to create". Later, as the infrastructure of the cities and villages developed, the term "civil engineer" came into existence. They specialized their abilities in building infrastructures both in military and non-military fields. The first Engineering college of India is College of Engineering, Guindy, which was established in Chennai in the year 1746.

In a nut shell, Engineers, as practitioners of engineering, are people who invent, design, analyze, build and test machines, systems, structures and materials to fulfill objectives and requirements while considering the limitations imposed by practicality, regulation, safety, and cost. The work of engineers forms the link between scientific discoveries and their subsequent applications to human & business needs and quality of life.

DEGREE	DURATION	ELIGIBILITY
B. Tech. (Bachelor of Technology)	4 Year	10+2 with PCM
B. E. (Bachelor of Engineering)	4 Year	10+2 with PCM
B.S. (Bachelor of Science)	4 Year	10+2 with PCM
B. F. Tech. (Bachelor of Fashion Technology)	4 Year	10+2 with PCM
B.Tech. + M.Tech. (Integrated Bachelor & Master Technology)	5 Year	10+2 with PCM
B.S.+M.S. (Integrated Bachelor & Master of Science)	5 Year	10+2 with PCM
Diploma + B.Tech (Integrated Diploma & Bachelor of Technology)	6 Year	10th Pass with 60%

Shri K.V.O. Seva Samaj

Home science is challenging, dynamic and has a varied scope. A professional program with five core specializations and multiple sub and super specializations. The home science curriculum has been developed keeping in mind home and industry requirements and latest trends and therefore the B.Sc. Program itself can help you get a job. The teaching learning process is rigorous and includes innovative methods like projects, seminars, use of informational technology, industrial visits, projects and guest lectures by industry experts.

Home science is a professional unique interdisciplinary vocational program. Also known as home economics, and faculty of family and community sciences. Internationally commonly entitled-human ecology and consumer science.

Hotel, Hospitality and Tourism Management

COURSE DESCRIPTION

Disclaimer: We thank the various authors whose contents were sourced for compiling this book which is used only for educational purpose.

Career Seminar & Meet the Professionals – 2022

Shri KVO Sthanakwasi Jain Mahajan Mumbai Sanchalit
Matushri Manibai Shivji Devji Kanya Kelavani Fund

Shri K.V.O. Seva Samaj

Eating out is a trend. This brings us to a career for the footloose and the gastronomic, for the person who loves to meet and make people happy. The rewards are proportionate to the passion the individual has for his area of choice.

It is believed that the hospitality industry began in France in the 15th Century. Nishiyama Onsen Keiunkan, in Yamanashi, Japan, lays claim to being the oldest hotel in the world, founded in 705 AD.

The first luxury hotel in India was The Taj Mahal Palace, a hotel in Mumbai opened on 16th of December 1903 by Jamsetji Nusserwanji Tata, founder of the Tata Group.

The hospitality industry is growing at a phenomenal pace. People travel for business and leisure. They wish to connect with people known to them or learn about various cultures. They travel for relaxation or to adventure. They travel to mourn or celebrate. Whatever the reason it is business time for people in the hospitality industry.

Law

COURSE DESCRIPTION

Disclaimer: We thank the various authors whose contents were sourced for compiling this book which is used only for educational purpose.

Career Seminar & Meet the Professionals – 2022

Shri KVO Sthanakwasi Jain Mahajan Mumbai Sanchalit
Matushri Manibai Shivji Devji Kanya Kelavani Fund

Shri K.V.O. Seva Samaj

The legal profession is a vocation that is based on the knowledge of law and its applications. Those who pursue these 'vocations' collectively form a body of individuals who are qualified to practice law in particular jurisdictions. The learned occupation of these individuals is to study, promote, uphold and enforce the collection of rules imposed by the authority. This can be done in the court of law (becoming a Litigator) or outside the court of law (becoming a consultant or a legal advisor).

A Lawyer is a person qualified by education, training and work experience working at a law office, corporation, governmental agency or other entity and who performs specifically delegated substantive legal work like litigating, arbitrating, negotiating, conciliating, and moderating matters for a party which has arisen between two parties. These matters can be primarily classified as civil or criminal, therefore generally the lawyers would either take up civil matters or criminal cases. Further the practicing lawyers can specialise in the following types of laws: Constitutional and administrative law, Criminal law, Contract law, Labour law, Company law, Tort law, Property law, Tax law, Trust law and Family law or Personal law Etc.

Liberal Studies

COURSE DESCRIPTION

Disclaimer: We thank the various authors whose contents were sourced for compiling this book which is used only for educational purpose.

Career Seminar & Meet the Professionals – 2022

Liberal Studies/Arts education can claim to be the oldest programme of higher education in Western history. It has its origin in the attempt to discover first principles - 'those universal principles which are the condition of the possibility of the existence of anything and everything'. The liberal arts are those subjects or skills that are considered essential for a free person to know in order to take an active part in civic life.

Liberal Arts education can refer to academic subjects such as literature, philosophy, mathematics, and social and physical sciences. As a student in a liberal arts programme you become an intellectual explorer. The dictionary definition of "explorer" is "somebody who travels to distant or unfamiliar places to find out more about them." This is a fairly accurate description of a liberal arts education. As a student in school of liberal arts, you can now embark on that journey and ask challenging questions, find out what really matters to you, learn about the world as it is and imagine the world as you think it ought to be.

Career Seminar & Meet the Professionals – 2022

Shri KVO Sthanakwasi Jain Mahajan Mumbai Sanchalit
Matushri Manibai Shivji Devji Kanya Kelavani Fund

Shri K.V.O. Seva Samaj

With the advent of internet and technology in the 21st century, the field of communication has gone from endemic to a global level. The channels of communication and interaction have also become wider and numerous. While the Media connected with people only through television and radio in the past, it has now crossed the threshold and connects people through all channels available. As media and communication has become one of the most integral parts in the lives of the people, no person can remain untouched by it, which makes it one of the leading professions across the world. A Degree in Mass communication opens up platforms unexplored.

Mass Communication is all about exchange of information to a wide range of people on various platforms. Television, Radio, Films, Newspaper, Books, Magazines and now even digital media are powerful sources that connect to people and disseminate information. Journalism is a popular field that is known to people in general. However, Mass Communication does not just limit to journalism but also to other areas of communication like News Channels, Public Relations, Brand Management, Creative Designing, Cinematography etc. It is also a powerful tool for people with public profile as it allows them to persuade and influence the behaviour, attitude and thought process of the mass.

An ability to write well and speak effectively is a prerequisite to be in this profession. An inclination to current affairs and general awareness plays a significant role in this profession. Writers, bloggers, editors and reporters control the written media; whereas, news reporters, presenters, anchor, radio and video jockey have a command on the verbal media. Digital media is taking a prominent place in the league.

Medicine and Surgery

COURSE DESCRIPTION

Disclaimer: We thank the various authors whose contents were sourced for compiling this book which is used only for educational purpose.

Career Seminar & Meet the Professionals – 2022

Medicine is the science and practice of the diagnosis, treatment, and prevention of disease. Medicine encompasses a variety of health care practices evolved to maintain and restore health by the prevention and treatment of illness. Contemporary medicine applies biomedical sciences, biomedical research, genetics, and medical technology to diagnose, treat, and prevent injury and disease, typically through pharmaceuticals or surgery, but also through therapies as diverse as psychotherapy, external splints and traction, medical devices, biologics, and ionizing radiation, amongst others.

Medicine has existed for thousands of years, during most of which it was an art (an area of skill and knowledge) frequently having connections to the religious and philosophical beliefs of local culture. For example, a medicine man would apply herbs and say prayers for healing, or an ancient philosopher and physician would apply bloodletting according to the theories of humorism. In recent centuries, since the advent of modern science, most medicine has become a combination of art and science (both basic and applied, under the umbrella of medical science). While stitching technique for sutures is an art learned through practice, the knowledge of what happens at the cellular and molecular level in the tissues being stitched arises through science.

DEGREE	DURATION	ELIGIBILITY
MBBS (Bachelor of Medicine & Bachelor of Surgery)	5.5 Year	10+2 with PCB
BDS (Bachelor of Dental Surgery)	5 Year	10+2 with PCB
BAMS (Bachelor of Ayurvedic Medicine & Surgery)	5.5 Year	10+2 with PCB
BSMS (Bachelor of Siddha Medicine & Surgery)	5.5 Year	10+2 with PCB
BNYS (Bachelor of Naturopathy & Yogic Sciences)	5.5 Year	10+2 with PCB
BHMS (Bachelor of Homeopathic Medicine & Surgery)	5.5 Year	10+2 with PCB
BUMS (Bachelor of Unani Medicine & Surgery)	5.5 Year	10+2 with PCB

CAREER PROSPECTS

State/Central Civil Medical Service	Medical Equipment Manufacturing	Higher Studies in Respective Field	Medical Consultant in Corporate Hospital

audience. Degrees focusing on Performing Arts are highly practical and actively require participation in cutting edge practices which later prepare you to enter the highly competitive industry.

Be it Classical or Western, an expert in dance can choose to be a dance teacher or trainer at Schools or Private Organizations or can also individually choreograph the trainees in his or her specialized dance form. Singing Professionals like Dance Professionals also have a wide scope and choice selection for their Career. Performing Music – Singing or Playing an Instrument for live audiences and recordings, being Music trainer in your specialized field – Classical or Western in Vocal or Instrumental, Playback Singing, Creating your own Band, etc. A professional in Theatre has the talent to portray real emotions and trigger the conscience of the audience is a very creative way. Theatre Directors on the other hand can bring their scripts to life by working with the people involved in it to very closely connect with the audience.

The Career scope for Performing Arts has now widened. Therefore many institutes have now introduced various programs in

Performing Arts providing training and knowledge to future talents in this field.

Pure Sciences

COURSE DESCRIPTION

Pure Science involves science that derives theories and predictions. Pure Science can also be termed as natural science, basic science or fundamental science. Pure science deals with the study of natural phenomena through observation, experimentation and use of scientific methods.

Disclaimer: We thank the various authors whose contents were sourced for compiling this book which is used only for educational purpose.

Career Seminar & Meet the Professionals – 2022

Pure Science is often experimented in a laboratory. The main objective of pure science is to increase information of a particular field of study and develop scientific theories. Physics, Chemistry, Biology and Mathematics etc are some of the major streams pursued in Pure Sciences.

Studying Pure Sciences requires curiosity in the different phenomena that occur in nature, creating theories and hypotheses about them, and finally testing and validating them through experimentation and logic.

Different science subjects address different aspects of natural phenomena. For example Physics deals with the study of properties of matter and its constituents in the universe, as they relate to motions, force and energy. Chemistry concerns itself with the reactions of the constituents of matter to create new forms of matter. Biology is the study of life forms including their structure, function, growth, evolution, distribution, and classification.

Shri K.V.O. Seva Samaj

Athletes or Players are not the only stars of the Game or Sport. There are heroes who do all the Management done from the Team to the Tournament ground who make the sport possible. Sports Managers are distributed in various fields of Sport Management like Team Management, Team Director, Sports Agency Management, Brand Management, Tournament Planning, Player Management, etc.

In short, all careers in sports require extensive knowledge of the individual sport in which they are employed.

FAQs by Parents of 9th - 12th Graders

Q. What are the different Career options after 10th?

A. In Indian education System, there are only 4 Streams available after 10th. The child can choose to take Science A-Group (Physics, Chemistry, and Mathematics), Science B-Group (Physics, Chemistry, and Biology), Commerce Group (Accounts, Statistics, Economics and Business studies) or Arts/Humanities Group (History,

Career Seminar & Meet the Professionals – 2022

Shri KVO Sthanakwasi Jain Mahajan Mumbai Sanchalit
Matushri Manibai Shivji Devji Kanya Kelavani Fund

Shri K.V.O. Seva Samaj

Geography, Psychology, Political Science and Sociology). If the child does not wish to carry on with Main stream academics, he/she can also shift to skill based programs after 10th. These skill based programs can be either Diploma or Certification in the area of Engineering, Medicine and Rehabilitation sciences or they can be in general areas like Hair care, Beautician, DJ/VJ/RJ, Event Management, Travel and Tourism, Export Import Etc.

Q. What are the different career options after 12th?

A. University Grants Commission (UGC), which is the parent regulatory body of education in India under the Ministry of HRD, has broadly classified education in 15 broad areas after 12th for Bachelor Degrees. For the ease of understanding of the parents and students, I have sub categorized a few areas and made a total of 22 classified Categories in which a child passing from grade 12 can take bachelor's degree in. Out of these 22, there are 16 areas of education, in which a student can take Bachelor Degree walking out of ANY STREAM be it Science, Commerce or Arts & Humanities after 12th.

Q. My child is not good at Math, will a lot of streams get closed for him/her if he/she leaves Math after 10th?

A. No, for all the 16 general degree areas (as stated above) open to any stream, no mathematics is required in grade 11/12. Even Entrance Exams at all levels, be it Bachelor or Master, always expect the child to have knowledge of only 10th Level Maths. Higher Maths is not required for any General Entrance exam. Be it GMAT, GRE for international studies or CAT, CMAT, XAT, NET Etc. for Domestic Education. So, the child shall not be at loss anywhere.

Q. My child wants to follow his friends and go in the same stream after 10th/12th. What should I do?

A. Please do not allow your child to follow the same stream which the friends are taking. For deeper understanding of your child, get the child's API testing done.

Q. We want our child to join family business. Which course is most suitable for him/her?

A. The course which he/she has the best interest in is the most suitable course. Pushing the child in a degree program matching your family business may not be the right thing to do. Rather give him/her a course of his/her interest which will make the child smart. Subsequently he/she will be in a position to take your business forward in a better way.

Q. My child has a very wavering mind. He/she comes up with a different choice every now and then. What should I do?

A. At this age, all the three parameters, Aptitude, Personality and Interest change very fast. So, in a way it's good if he has wavering mind because at least he/she is observing, thinking and trying to explore.

FAQs by Students from 9th to 12th Grade

Q. What Course/Stream shall I choose if I wish to appear for IAS/IPS/UPSC/Civil Service Examination?

A. Any candidate with minimum 21 Years of age and having completed Graduation from ANY STREAM can appear for the Exam. Traditionally Students preferred BA as graduation because that degree gave time for preparation, but off late I see students from all fields, be it Medicine, Engineering or Commerce cracking the exam. One latest trend which I see is students go 5 Year Law after 12th and then give UPSC Exam. This helps

Career Seminar & Meet the Professionals – 2022

them in three ways: Firstly, the legal studies are in line with the study requirements of UPSC, so preparation takes place automatically. Secondly, Legal Studies also opens door to Judiciary Examinations. Thirdly, even if the candidate is unable to clear the exam, he/she has a professional degree in hand and can pursue profession as a lawyer.

Q. What are the pre requisites of Architecture?

A. Students who are good in both creativity and Mathematics (Eligibility being any Stream in 12th with Maths) are the right candidates to pursue Architecture. One needs to pursue Higher Maths after 10th to appear for competitive exams for Architecture like NATA, JEE-MAIN (PAPER-2) Etc.

Q. How can I get into Teaching Profession?

A. If you are passionate about any one subject or group of similar subjects, you can pursue higher education in the specific subject field and get into Teaching. You can be a Bachelor Degree holder with B.Ed. to enter in School Teaching. In Order to get into College Teaching, Higher Education like Masters/Doctorate Degree is required. One should possess the following qualities:

- i) The ability to inspire students
- ii) Dedication to teaching
- iii) Patience, caring, and kind personality
- iv) Capable of engaging students in learning
- v) Knowledge of learners

Q. Where can I pursue degree in Interior Design/ Fashion Design?

A. In India, there is no specific degree in the area of interior or fashion design alone. One has to pursue a degree in Design and take elective/ specialization subject choice of interior/fashion design. By this method, one can pursue one's dream. Apart from this, there are private institutes which give diploma/certification programmes in various fields of design which include interior/fashion design as well that one can pursue along with any graduation degree after 12th. Also, there are Master level Programmes available in these areas.

Q. How can I become an Ethical Hacker/ Pursue Degree in Hacking or Cyber Security?

A. In India, there is no specific degree in the area of Hacking or Cyber Security at Bachelor Level. One has to pursue a degree in Computer Application or Information Technology (Ideally) and take elective/ specialization subject of Hacking / Cyber Security (If offered by the institute where one is studying) in the 3rd or 4th year of graduation. By this method one can pursue one's dream. Apart from this, there are private institutes which give diploma/certification programmes in various fields of Ethical Hacking / Cyber Security, which one can pursue along with any graduation degree after 12th. Also, there are Master level Programmes available in these areas.

Q. How can I become a Game Designer/ Application Designer?

A. In India, there is no specific degree in the area of Game Design/ Application Design. One has to ideally pursue a degree in Computer Application or Information Technology and take elective/ specialization subject of Game Design / Application Design (If offered by the institute where one is studying) in the 3rd or 4th year of graduation. By this method one can pursue one's dream. Apart from this there are private institutes which give diploma/certification programmes in various fields of Game Design/ Application Design, which one can pursue along with any graduation degree after 12th. Also, there are Master level Programmes available in these areas.

Q. Where can I study Event Management?

A. In India, there is no specific degree in the area of Event Management. One has to ideally pursue a degree in Business Management and take elective/ specialization subject of Event management (If offered by the institute where one is studying) in the 3rd year of their graduation. By this method one can pursue one's dream of Event Management. Apart from this there are private institutes which give diploma/certification programmes in Event Management, which one can pursue along with any graduation degree after 12th.

Career Seminar & Meet the Professionals – 2022

Q. How can I become an Air Hostess/Steward?

A. Any candidate who has passed grade 12th with English as a compulsory subject and has good command on language can pursue a career in this field. Since this is a skill based programme, no specific educational degree or diploma is required for this. There are a few Private training centres which groom you to effectively appear and qualify the selection process for joining this profession. One should Possess the following Qualities:

- i) Pleasing Personality
- ii) Friendly Nature
- iii) Good appearance
- iv) Good Communication Skills
- v) Pleasant voice

Q. How can I become a Pilot?

A. Any Student with Physics and Mathematics in grade 12 (basically Science-A Group) can attain a Pilot Licence. The three stages are Student Pilot Licence followed by Private Pilot Licence and finally getting Commercial Pilot Licence from any Flying school approved by DGCA in India. The candidate has to log certain number of required flying hours along with passing tests as prescribed by the DGCA before one can fly an aircraft independently or as a Commercial Pilot.

Also one can join Indian Air Force and become a pilot where all your training needs are taken care by them. You need to serve in the Air Force for stipulated time with a bond.
